The Ivy Network Corporation
242-A Yale Station
New Haven, Connecticut 06520

Dear Sirs:

According to the station payment record you sent us (for the period 12/1/72 to 2/28/73), we received a winter payment of $73.91.

Checking over our books, I have found no such entry. There is one entry, however, for $139.25 from Ivy dated 10/29/72.

My question is this: Exactly what was that payment for? In other words, did that cover the Spring and Fall payments, Spring only, or what?

Also, we are now dealing directly with United Press International for teletype service. Our current contract for service does not mention Ivy, therefore no teletype charges from Ivy are in order.

Thank you for your cooperation in these matters.

Yours truly,

Edward J. Fiedler
